

2016 Impact Report

In 2016, Fairfax County's landscape of volunteerism held strong and flourished in our community, thanks to the many seeds gently sown and nurtured by everyday citizens.

Volunteer Fairfax recorded steady growth, reaching key milestones in 2016. Volunteers for Change, the service program for busy adults, surpassed the 100,000 hour mark. Kudos VFC members! Through the RSVP-Northern Virginia program, we opened the garden gates to the mature volunteer and celebrated the participation of over 250 folks 55+ to enrich the terrain via their life experience. Our Emergency Preparedness program continued its commitment to county-wide Community Resiliency by hosting district meetings ensuring better preparedness, response, and recovery from emergencies.

In 2016, saplings at our volunteer center quickly took root in the service community. We welcomed new staff, interns and office volunteers, each one bringing fresh energy, like sunshine.

We are proud to share the fruits of our labor and service in this Impact Report. It highlights our volunteerism, but the real strength and beauty can be heard in the stories of the volunteers, the roots of our strong community. We would not

have this thriving, blooming, resilient community without you, the volunteer.
