

"THE GREATEST THING ABOUT VOLUNTEERING is the benefit it offers to individual recipients, the communities, and having fun with co-workers," noted an AT&T volunteer serving on the City Blossoms garden project. City Blossoms is dedicated to fostering healthy communities by developing creative, kid-driven green spaces.

## Volunteer Fairfax leads, connects and mobilizes people and resources to meet community needs through targeted volunteer engagement and organizational support.

### LEAD.

For over 45 years, Volunteer Fairfax has been amplifying community impact and building strong communities through volunteerism in the Greater Washington area.

### CONNECT.

Through its signature events and programs, Volunteer Fairfax provides opportunities for diverse populations to serve their communities in ways that suit their lifestyles, skills and interests.

### MOBILIZE.

Working in partnership with public agencies, nonprofits, volunteers and corporations, Volunteer Fairfax helps to address critical needs through intentional volunteer engagement projects.

*"LCNV benefits tremendously from the impact of dedicated Volunteer Fairfax volunteers....By giving generously of their time and experience, these volunteers help beginning level English learners gain language skills to advance in their jobs, support their children's education, and become full participants in the community. VF volunteers truly enhance and advance LCNV's mission!"*
